* This weight and pricing is hung weight before is it trimmed and packaged. A whole beef, a side or a quarter beef has approximately 20-30% roasts, 30-35% steaks and 45% ground beef. You may also order cubed beef for shish kabobs or for stewing. You may specify what cuts you would like, size of roasts, thickness of steaks, amount of ground beef per package and if you would like hamburger patties. The price per pound includes cutting and wrapping of the meat which is frozen when you receive it.

Some products need to be specially ordered, call for availability.

Prices are subject to change.
